Pune, MH

EDUCATION

›	M.B.A. (Prod & HR)	<i>Bharathi University, Pune</i>	<i>07/2017 – 06/2019</i>	<i>8.85 / 10 CGPA</i>
›	B. TECH (Auto. Eng.)	<i>Shivaji University, Kolhapur</i>	<i>07/2012 – 06/2016</i>	<i>7.54 / 10 CGPA</i>
›	HSC – PCMB	<i>Maharashtra state board</i>	<i>06/2011 – 05/2012</i>	<i>83 %</i>
›	SSC	<i>Maharashtra state board</i>	<i>06/2009 – 05/2010</i>	<i>91 %</i>

WORK EXPERIENCE

INFOSYS Limited, Pune

04/03/2024 to Till Date [0.6 years]

Designation – Senior Associate Consultant.

Project Name – SCA Woods and Paper, Sweden.

Role - SAP PP/QM (P2S – Plan to Schedule) Consultant.

- SAP PP & QM roles and responsibility throughout the project – AMS Project, Rollout Project and Data Migration Projects.
- Understanding business requirements, handling client queries, providing analysis and resolution.
- Ability to write and validate the functional specification and able to create test scripts.
- SAP Custom cockpit development for GI and GR.
- SAP PP Process Manufacturing, Master DATA, Process AMS activities.
- Design and developed custom Fiori application and modified existing application like Display process order etc.
- Worked on Data Migration, Migration cockpit, custom migration cockpit for BOM and Master Recipe and Production version.
- Worked on LTMC, Object Creation, LTMOM for custom objects, Fiori application for Migration cockpit.
- Worked on IDOC, Sproxy, RFC monitoring and troubleshooting activity.
- FS and Technical document preparation.

Tata Consultancy Services Ltd. Pune

05/08/2019 to 28/02/2024 [4.6 years]

Designation –System Analyst / Senior consultant:

Project Name – Jaguar Land Rover.

Project Type –SAP Roll Out project, SAP AMS Support Project.

Role -SAP Team Lead, SAP PP Consultant, SAP QM Consultant.

- Worked as SAP Functional consultant in PP module (major), QM module.
- Understanding business requirements, handling client queries, providing analysis and resolution.

- Ability to write and validate the functional specification and able to create test scripts
- Worked Roll out projects & new enhancements, bug fixes and proposing new changes and process improvements.
- Working knowledge of SAP PP module – Mater Data, Demand Management, MRP, Production Planning and Execution, Configurations, Support and Incident Management.
- Working knowledge of SAP QM module, Handled support activity for project– Master Data & Settings, MIC, Inspection Lots and UD, Notifications, Integration with PP & MM.
- Knowledge of Remedy incident management tool.
- Worked on SAP Solman for change management process, TR & TR management, RFC & its deployments in various system landscape.
- Worked on CR's, have knowledge about different types of testing. Performed Sanity check, smoke test, performance benchmarking, connectivity check of various system during data migration project.
- Performing and planning of downtime activities for patch upgrade, Disaster Robustness (DR) testing, Interface testing for inbound as well as outbound.
- Defined data fields for PP master data such as Material master, BOM, Work center, and Routing.
- Defined settings for Transactional data, functionalities such as Material Requirement Planning (MRP).
- Configured Demand management, plant parameters such as MRP groups, MRP controllers, MRP types, and Lot-sizing procedure, safety stock & coverage profile (DSS).
- Performed analysis on shop floor activities as per business process, configured and executed functions such as Order creation, Order release, Availability Check, shop floor papers, Order confirmation, and Order information.
- Performed Batch job setups activities with various conditions, maintaining DLs.
- Performed Factory calendar configuration changes along with public holidays.
- Maintaining, reprocessing and monitoring of qRFC, IDOCS, CIF (core interface) transferring data between two land scape.
- Managing and maintaining of connections between MES, ACE11, EDI for various inbound & outbound activities.
- Worked with Batch management and Serial profile management, SAP IS Auto Solution.
- Also add knowledge of APO system like – Demand (RRP transactions), Times stream, MMP, Plan Order management etc. Also EWM system like – PRDI/PRDO transactions, Different monitor screens, Warehouse task and orders, ware house inbound and outbound etc.
- Worked on various tools like Remedy, HPALM, SBE tool , LSMW.
- Leading the team, representing team in various activities in project level activities, proactive plannings, Downtime plannings, Representing solutions and their progress in front of business and management. Representing team in various review calls.
- Mentoring newly joined associates for SAP process etc.

Menon Bearings Ltd. Kolhapur **Apprentice Training** **01/08/2016 to 31/07/2017 [1 year]**

Designation – Production Engineer.

Project Name – Engine bearings for Cummins, Mahindra, TML, Atlas Copco, Sumam, Jhon deer etc.

Role – Production planning control and Quality – SAP PPQM End User.

- Manufacturing of engine bearings for OEM customer as well as market product.
- Handling day to day production planning activities.

- Maintenance of product Quality at production line.
- Performing Master scheduling planning and material requirement planning (MPS & MRP).
- Performing of tooling plan for all SPM machines.
- Record keeping and targeting production.
- Motivating Workers and managing teams, shifts for production target achievements.
- Preparation of Daily, Monthly & Annual MIS Report
- Preparation of Daily Production Plan as per the Requirements
- Break Down Analysis.
- To prepare Raw Material requirement as per work order given by Marketing Department

SAP Certifications

SAP Certified Application Associate - Production Planning & Manufacturing with SAP ERP 6.0 EHP7 C_TSCM42_76

SAP Certified Application Associate - Production Planning & Manufacturing with SAP S4 Hana C_TS422_2021

SAP Skills

- SAP PP master data, MRP, Demand Management, Configuration, Batch Management etc.
- Discrete Manufacturing, Repetitive Manufacturing, planning strategies.
- Serial Profile management, IPPE – IS AUTO.
- Key Integration PP-QM, PP-MM, PP-SD.
- SAP QM master data, Quality management, Usage decision, Stock movements etc.
- SAP Solman – Creation of RFC, NCD & UCD, Creation of TR, TR movements, Change Submission.
- Batch job set up & monitoring.
- Factory calendar & Public holiday calendar configuration change.
- SAP SD – Demand management, inbound demand idoc, SSA & SO, OBD & different reports.
- SAP MM- PSA, PO, Creation profiles, Source lists, JIT/Forecast releases, ASN & IBD, outbound idocs etc

Appreciation & Awards

- Service Commitment Award received from TCS & Jaguar and Land Rover.
- Appreciation Received from SAP Jaguar and Land Rover Support Management.
- Appreciation Received from SAP Production Planning Team for service commitment.
- On the spot team award received from TCS for contributing various team initiative and activities.

IT & Technical Skills

- SAP ERP – Production Planning, ECC EHP 7
- SAP ERP – Production Planning, S4 Hana
- CCC certification by DOEACC (Gov. Of INDIA) - 12/2010
 - o MS office, Internet and computer basics.
- Pro. E (Creo 2.0) certification by PTC university & AutoCAD, Catia.
 - o Eng. Drawings, 3D modeling and Drafting.

- PPC, QC/QA & Machin shop skills.
 - o Man, M/C, Material, Tooling planning and Quality control and Machin handling.

Personal/Academic Projects

M.B.A. Internship Project

05/2018 to 07/2018

Project Name – Study of Organizational behavior.

Study of different parameters affecting organizational productivity in Renault Authorized service center.

New product development – Menon Bearings Ltd.

01/2017 to 03/2017

Project Name – New product development for replacement market

Developing a new engine bearing for replacement market – engineering drawings, inspection, sample manufacturing, sample tastings.

B. Tech Final Year Project

06/2015 to 05/2016

Project Name – Design and Development of Solar powered vehicle.

This is a college sponsored project, in which different teams from different engineering department was worked together to manufacture working model of solar powered vehicle.

B. Tech 2nd Year Mini Project

01/2014 to 05/2014

Project Name – Design 3D model of components by using Pro. E (Creo 2.0).

Trainings/Internships

M.B.A. Internship Training

05/2018 to 07/2018

Renault – Unique Automobiles Limited, Kolhapur.

Industrial Training

05/2015 to 06/2015

Kranti Machine Tools, Kolhapur.

Garage Training

06/2014 to 07/2014

Bosch and Renault authorized service center.

Achievements/Extra

- Successfully contributed in book publishment – “Engineering Graphics 3D modeling & Drawing”, for Diploma student.
- Second place in IDEA presentation – event organized by QUANTUM 2K13, a National Level Technical Symposium held at RIT Sakhrle.
- Second place in CAD Buster – event TRAILBLAZER, 2K15 Lead College Scheme of Shivaji University.
- Runner Up in Treasure hunt – event KHYMERA 2K15 Lead College Scheme of Shivaji University.
- Secured two times first prize in school level science and innovation exhibition.
- Second place in Traditional event held at RIT Sakhrle 2K14.
- Worked as volunteer at many college level events.
- Social volunteer work in Faith foundation, Robin hood army etc.

Soft Skills / Languages

- Leadership, Teamwork, Decision making, Problem solving, Multitasking and Time management.
- English, Hindi, Marathi, Kannada.
